

Poe Short Story Video

Movie Trailer

You will make a movie trailer for one of the short stories we read in class. This movie trailer can be made in any format/app but must be at least 1 minute long. Just like a movie trailer you want to create suspense and not give away the ending. Please avoid using pre-made movies and videos of Poe's stories. It would be much better if you utilize your creativity.

Elements

Within your movie trailer you need to cover Poe symbols and themes as well as the plot of the story. Refer to your story chart for which themes and symbols were present in each of the stories.

Writing

In addition to your movie trailer, you will write a response to the short story. In that response you need to include the following elements.

- References to Poe's themes used
- References to Poe's symbols used
- Connections between Poe's story and his life
- Any prominent lit terms used
- Inclusion of at least five of the 21 Poe vocabulary words.

Below is an example of what the rubric will look like. Please make sure you have noted all the elements in your presentation.
